Cheap Illinois farms for you.  
These farms are all good farming  
lands in a country near grand old  
Morgan, fine improvements and well  
watered.

160 acres, splendid improvements,  
fine water, well fenced. \$500 per acre.  
210 acres, all under cultivation, fine  
improvements and plenty of water.  
This is a bargain at \$70.

180 acres, improvements poor, but a  
fine farm and well fenced. Cheap at  
\$50 per acre.

247 acres, combination farm, plenty  
of fruit and water, two sets of im-  
provements. Only 30 acres too rough  
to farm. Balance fine. A bargain  
at \$65.

400 acres, \$8,000 worth of improve-  
ments in two sets. Extra well watered  
and fenced; plenty of fruit and a  
real investment for any man or wo-  
man who wants their money well  
placed. A genuine bargain at \$70.  
Fine brick house and lot on Page

No man is a hero to his valet, and  
some times not to his private secretary.

The dogs of war seem to have been  
loosed among the Yaqui In-  
dians.

England is playing the role of the  
woman who said: "Go it, husband;  
go it, bear," in the Franco-German  
controversy.

We do not recall what the Russian  
emblem is, but to a man up a tree it  
would seem that the people have  
adopted the red flag.

Japan and Russia have now placed  
themselves under the command of  
General Peace and if they will fol-  
low his leadership he will soon pass  
them over to the hands of General  
Prosperity.

Now that everything else has failed,  
a little "benevolent assimilation"  
might be tried on the Chicago strike  
case.

It turns out that the car has ap-  
pointed Rosen instead of Wit-  
tany. How these five letter names  
turn up in the car's official family  
when it comes to a peace pact.

Uncle Sam has found the manufac-  
ture of the 10-inch gun too expensive.  
It was calculated that one projectile  
would sink a battleship, but in the  
fring of the same a miss was more  
likely than with a 16-inch projectile,  
and the ordnance department has de-  
cided to rely on the gun with the  
surer aim.

President Roosevelt has been so  
successful in the Russo-Japanese  
matter that he might try his hand on  
a conference between the Farmers'  
Good Roads alliance and the Auto-

If Gov. Bob LaFollette refuses to  
qualify as United States senator he  
will have further claim to fame.  
Sherman of Illinois expressed his dis-  
trust with congressional honors be-  
fore any were thrust upon him, but  
with LaFollette the senatorial toga  
has been out and fitted and the gar-  
ment hangs ready to be put on.

In passing, we just want to suggest  
to our esteemed contemporary, the  
Courier, that before they again make  
use of the phrase, "collation on  
course" they had better consult some  
of their educated friends. Murder-  
ing the king's English is bad enough,  
but a double murder in English and  
French is an abomination and should  
not be perpetrated upon an intelli-  
gent public.

## TRIAL BY JURY

Trial by jury received a stagger-  
ing blow from Secretary of War  
Taft in his address to the graduat-  
ing class of Yale college. He de-  
clared the time was ripe for radical  
reformation in our criminal code, and  
recommended statutory enactment as  
the remedial agent. The pendu-  
lum has swung a long ways since  
1800, when the criminal code of  
Great Britain had 100 offenses for  
which the death penalty could be im-  
posed. There was a time in English  
jurisprudence when the defendant had  
no rights that the state need  
recognize. The machinery of the  
law, once put in motion, crushed any  
who dared stop its wheels. Then  
came a change—a revulsion of feel-  
ing—and popular sentiment became  
allied with the accused rather than  
against him.

The maxim of the law that every  
one is presumed innocent until pro-  
ven guilty, gained a wonderful hold on  
the people until many came to ques-  
tion even the right of capital pun-  
ishment. To day the pendulum has  
gone its full length and technical  
right, as contradistinguished from  
technical wrong, is such a hair split-  
ting business that justice, in more  
than one case is cheated of her  
rights and public confidence in the  
courts becomes woefully shaken.

Secretary Taft is right in that it is  
a condition and not a theory that  
confronts us, but before we condemn  
into the system that has answered  
the ordinary purposes of society  
for such a length of time we ought  
to be fully fortified as to our argu-  
ments.

Maybe it is the abuse of the sys-  
tem and not the system itself that is  
defeating the ends of justice. As long  
as the practice of jury dodging is al-  
lowed as long as men who claim to  
be public spirited who love their  
country, stand for law and order, be-  
lieve that men should have the right  
to appeal to a jury of their peers  
when they have a controversy, go to  
the judge and beg to be excused at  
every term of court to which they  
are called as jurors, just so long will  
you have a jury system that is a  
farce. We are ever tending toward  
one direction or the other. When  
it comes to a matter of principle,  
the little controversies which bother

men are as important as settlement  
as the larger litigation. If the prac-  
tice is once allowed to obtain of pick-  
ing jurors who are on the stand be-  
cause they have no calling elsewhere  
and of excusing good men and true  
from jury service, then you have  
started a tendency that is fraught  
with evil consequences. We started  
the system long ago and we have en-  
countered the evil consequences of  
which Secretary Taft has so ably  
spoken. Doubtless amendments are  
needed in our criminal code and  
doubtless statutory enactment is the  
proper remedy. Nevertheless, there  
needs to come an awakening along  
the line of civic duty, there needs to  
come a better understanding of the  
duties and obligations of American  
citizenship before there can possibly  
come an improvable improvement in  
our system of criminal adminis-  
tration. It is an inherent principle in  
law that as the personal liberty of the  
person is forfeited to the state, so  
the state gives back a protection  
paramount to the forfeiture. The  
state undertakes this protection for  
a consideration and it is incumbent  
upon the citizen to perform his duties  
toward the state if he would have  
the state perform its duties toward  
him. The arrangement is purely  
of the something for something order.

We take a just pride in our citi-  
zenship and welcome the rights such  
citizenship confers upon us, but there  
must be a constant recognition of  
the duties such a citizenship brings  
with it, from which none of us  
can escape if we would have the body  
politic grow in health and vigor.

## SAND-CEMENT BRICK PLANT

Lucius Winchester and Frank De-  
Snyder, the gentlemen who came to  
the city in the interests of a patent  
sand-cement brick, are still here, and  
Richard Latham is expected to re-  
turn Thursday, when some definite  
steps will be taken toward the es-  
tablishment of a plant for the manu-  
facture of the brick in this city. Mr.  
Latham resides in Lincoln and is a  
cousin of Hon. W. H. Hinchinson,  
who is also interested in the propo-  
sition. Mr. Winchester is a cousin of  
Adlai Stevenson, and is a patent law-  
yer, while Mr. DeSnyder is a prac-  
ticing brick man. A number of the  
local business men are interested in  
the proposition and the owners of  
the right to manufacture or to erect a  
building for their own use. A plant  
would cost about \$50,000, a great por-  
tion of which would be for machinery.

## IN COLLEGE Y. M. C. A. FIELD

Melville T. Kennedy, interstate  
secretary of college Y. M. C. A.'s,  
of the Dakotas, is attending the Y.  
M. C. A. conference at Lake Geneva  
and is expected in this city for a  
visit with his parents, Prof. and Mrs.  
J. H. Kennedy, before returning to  
his work. A review of the first year  
of the employed secretarial super-  
vision over the association work in  
the colleges of North and South Da-  
kota has been issued and gives many  
interesting facts concerning the  
great work being done by Mr. Ken-  
nedy. His work is organization and  
visitation and his travel since taking  
up the work last fall has covered  
5,000 miles. The students of the Da-  
kotas number 1,088, of whom 571 are  
members of the association. The out-  
look is very hopeful and much good  
is expected from the work by those  
in charge.

## LAWN SOCIAL

The lawn social given by the Mor-  
ry and Help department of the Centen-  
ary church Epworth league Tuesday  
evening was a financial success. The  
church lawn, which was beautifully  
decorated with bunting and Chinese  
lanterns, was crowded during the fore  
part of the evening, but the decorat-  
ions were destroyed by the rain and  
the crowd was driven inside the  
church, where the social continued.  
Excellent music was furnished dur-  
ing the evening by the Y. M. C. A.  
orchestra. The success of the affair  
was largely due to the efforts of the  
following committee: Myrtle Shep-  
pard, chairman; Marie Sheppard,  
cashier; Zella Boyd, Minnie Boring,  
Edith Brayer and Edwin Jackson.

## SUCCESSFUL CHURCH RALLY

A successful rally was held at the  
Second Christian church Sunday af-  
ternoon at 3:30 o'clock. Rev. R. P.  
Thripp was the principal speaker and  
his address was heard with interest.  
A collection was taken up by Rev. H.  
Lacey and Rev. Mr. Derrick for the  
completion of the new Second Chris-  
tian church building. The Methodist  
choir added much to the occasion by  
their beautiful singing.

## ENJOYED PLENTY

About sixty members of the Junior  
Endeavor society of the Christian  
church enjoyed a picnic at Maple  
grove Tuesday afternoon. The time  
was most pleasantly spent and an ex-  
cellent picnic lunch was enjoyed. A  
fellow ride was also taken, which  
added much to the pleasure of the oc-  
casion.

KUROPATKIN REPORTED KILLED.  
St. Petersburg, June 22.—A m-  
rator spread throughout the city last  
night that General Kuropatkin had been  
killed. This rumor was connected some-  
times with a report that 60,000 Russian  
had been cut off by General Nogai's army  
and General Kuropatkin taken prisoner.  
Nothing confirmed in these rumors has  
been received by the general staff or press  
dispatches. Members of the general  
staff say no reports of special importance  
have been received.

Popular people, those with great per-  
sonal charm, take infinite pains to culti-  
vate all the little graces and qualities  
which go to make up popularity. If peo-  
ple who are naturally unsocial would only  
spend as much time and take as much  
pains as people who are social favorites  
in making themselves popular, this would  
accomplish wonders.—Success Magazine.

MEN'S LEAGUE  
ENJOY BANQUET

**Christian Church Organization Presented an Interesting Program at Regular Monthly Gathering Held Tuesday Evening—Mock Trial.**

The regular monthly meeting of the Men's Social League of the Christian church was held in the church parlors Tuesday evening and was largely attended. About eighty members sitting down to the banquet, although the number was greater than had been anticipated, all were readily provided for without any noticeable delay, and all enjoyed the many good things provided on the generous bill of fare.

At the conclusion of the supper, a departure was taken from the usual menu of entertainment and a mock trial was held. Constable Ferguson served warrants, drawn up in due form, upon Carl Gordon, C. L. Hayden, F. L. Platter and George T. Douglas, members of the refreshment committee which served the last banquet, and also upon George Brady. The charge against the four first named was misfeeding, mal-feeding and altogether wrong-feeding of the members of the league whom they were appointed to serve, and the charge against Mr. Brady appeared to be mal-eating or mis-eating, the warrant being not altogether clear upon this point.

Esquire Byron B. Gray was named judge, Robert Tilton was the prosecuting attorney and L. F. Smith volunteered for the defense. The specific charge seems to have been that the committee prepared for the banquet "a certain beverage" called "bouillon," which they served in coffee cups, and which so nearly resembled coffee that "Pussy" Craig, Lynn Pyatt and others administered sugar and cream to the concoction, thereby producing a beverage obnoxious both to taste and in its disturbing influences.

The trial was entered upon by the selection of a jury, which was composed of F. M. Purviance, J. T. Anderson, Charles Ratachak, Fred Aick, W. J. Moore and G. B. Andre. Attorney Tilton convinced himself of the utter ignorance of the "bench" and accepted them upon that ground, and the defense was assured by each in turn that he favored the defendants, and were consequently agreeable to him. After stating their cases the attorneys examined the following witnesses: "Pussy" Craig, Lynn Pyatt, George Brady, Maurice Eitch, W. L. Simpson, H. J. Henderson and Carl Gordon. The opposing attorneys, waxed eloquent and pugnacious, the prisoners at the bar repeatedly interrupted the proceedings, Juror J. T. Anderson required the services of the bailiff to keep him awake, and the judge finally took the case out of the hands of the jury by consent of both parties, and discharged the prisoners because of the length of the wind of the prosecution.

The occasion was provocative of much merriment on the part of the audience and was carried out with excellent effect.

At the conclusion of the entertainment a short business session was held at which the matter of giving a burgo came up for discussion. The president also reported that the league is on an excellent basis again financially and the church furnishings fund has received substantial additions. Six new members were by unanimous vote received into the league upon a favorable report from the membership committee.

**NOTICE.**

I desire to announce to friends and patrons that I am not taking any contract orders for butter shipments and anyone using my name in such a manner is wholly unauthorized. As heretofore I will always be ready to pay the market price for country produce when brought to my store.

## MATRIMONIAL

VANOS WARD.

John Vanos and Miss Mary Ward, both of this city, were quietly married Tuesday evening at 8:00 o'clock by Very Rev. Dean Crowe at the residence on East State street. They were accompanied by Miss Frances Ward and John Ward, brother and sister of the bride. Immediately after the ceremony a reception and wedding supper were given at the home of the bride on Goltz avenue for the immediate relatives.

The wedding will come as a surprise to the many friends of the couple, as they have never been seen together since the wedding. A number of the neighbors gathered at the home of the bride last evening to extend best wishes.

The groom is a well known and estimable gentleman, who is a baker by trade. He was formerly employed at Central hospital, but more recently at the poor farm.

The bride is a daughter of Mrs. Nora Ward and is held in high regard by a large circle of friends.

Mr. and Mrs. Vanos will go to housekeeping in a home prepared by the groom on Goltz avenue.

**SCORE ONE FOR THE HORSE.**

Truth is always stranger than fiction. Tuesday evening a smart shower of rain fell for a few minutes and caught many people unawares. An automobile party was scudding along and sought protection from the weather in one of our well knownivery barns. The occupants were congratulating themselves on their lucky escape, when the manager of the barn politely requested them to depart. They remonstrated, but the manager was firm and stated that the insurance on the building would be endangered if a fire should result while an auto was housed in the building. The logic of the argument was apparent to the owner of the auto and as the machine backed slowly out into the weather again one of the horses in the stalls near by gave a gentle neigh, which in the language of the stable boy is interpreted to mean, "You can't play in our front yard; holler down your own rain barrel."

**CHRISTIAN CHURCH VS. BAPTIST CHURCH.**

Representatives from the Men's League of the Christian and Baptist churches will cross-bats at West Side Ball park next Friday afternoon. The game has been arranged as a benefit game for the Christian church team and the proceeds will go to the league fund. Game will be called at 3 p. m. Admission 15 cents.

**WANT TO LOCATE HERE.**

Arthur Dean, of Chicago, representing the Twentieth Century Ice-Saving Refrigerator company, was in the city Tuesday interviewing local business men with a view to the location of a manufacturing plant in this city. The company owns what is known as the Detroit patent and are at present manufacturing their refrigerators in Pittsburgh, Pa., with offices in Chicago. Mr. Dean was at one time a student at Illinois college.

**THE ILLINOIS CONFERENCE SPECIAL.**

Via Wabash, July 3rd. For the accommodation of 150 worth leaguers and others going to the international leaguers' convention at Denver, July 3-5, the WABASH will have 150 sleeping cars and Pullman tourist sleepers from Jacksonville to Denver, with only one night out. Those desiring chair cars or sleepers should leave their order at the WABASH ticket office.

Edna Dooce, of Griggsville, spent Tuesday in the city on business.

Mr. and Mrs. Henry Hall were expected home Tuesday evening from a visit with their daughter, Mrs. Carmack, in Centralia.

## RAILROAD NEWS NOTES

**E. D. Kenna May Become President of the Santa Fe System—Items of Interest and Personal Mention.**

It is reported that Victor Morawetz, chairman of the executive committee of the board of directors of the Santa Fe, intends to go to Europe shortly for his health.

It is stated that President E. P. Ripley of the Santa Fe, will succeed Mr. Morawetz as chairman of the executive committee, and that a new president of the system will be selected.

First Vice President E. D. Kenna is said to be the man who is slated to succeed Mr. Ripley as president. It will be remembered that Mr. Kenna resigned as first vice president recently and that soon after it was announced that he had decided to remain with the company in the capacity of first vice president.

In the meantime Gardner Lathrop had been selected to be first vice president and general solicitor, and when Mr. Kenna decided to stay it was announced that Mr. Lathrop's title would be general solicitor.

It is now stated that the plans formulated at that time were for Mr. Kenna to remain with the company as first vice president till the time for the changes to be made when he would succeed Mr. Ripley and Mr. Lathrop would again be given the title of first vice president and general solicitor.

Mr. Kenna is a frequent visitor in Jacksonville and is a son of Mrs. M. E. Kenna, of 1003 West College avenue.

Wabash switchmen have all been notified that on and after July 1 the stop and go ahead signals given with the hand must be in accordance with the requirements of the book of rules. This means that the signals given by hand in daylight must be the same as those given with the lantern at night.

The hand signals now used on the Wabash were handed down from time immemorial and were originated by no one knows whom. By night the stop signal is made by swinging the lantern horizontally below the waist and it will be given in the same way in the day time with the hand instead of the lantern. The old stop signal is made with the outstretched arm and a slightly downward movement of the hand.

The go ahead signal will be a vertical movement of the hand or lantern above the waist. The old go ahead signal is a sort of rotary motion of the hands.

After July 1st the Alton and other roads in Bloomington are to establish storage rules, the rate being placed at five cents per ton, or fraction thereof for each twenty-four hours after the first forty-eight following the receipt of the freight, for many years there has been agitation in favor of the charge of storage, but it is said that the Big Four under previous administrations opposed the change. Now all are willing and anxious that the change will be made. By collecting this charge there will be a tendency to call for all freight soon after receipt and enable the various companies to keep their warehouses clear of uncalled for freight.

General Manager Miller of the Wabash has announced that C. A. How has been appointed supply agent with headquarters in St. Louis, the appointment taking effect July 1st. Mr. How was at one time with the Burlington, and more recently with the Fitzhugh Lumber railway supply and locomotive company. He has had long experience in all matters connected with railway supplies, and will add strength to the Wabash organization.

C. E. Bennis, trainmaster of the Alton, passed through the city yesterday afternoon enroute to Rockhouse.

Charles H. Yancy has returned to his home in Practice, after a year's stay in California. Mr. Yancy was formerly employed in the Alton freight house here, and his many friends will be pleased to learn of his return.

Coach No. 40 was derailed to Havana on C. P. & St. J. train 88 Tuesday afternoon.

Burlington special car No. 30 passed through the city Tuesday afternoon on train No. 48. The car was occupied by George H. Branner, engineer of Illinois lines, and D. C. Slocum, division civil engineer, who were enroute to Keosauqua.

The Burlington surveyors, under Foreman Henley, went to Waverly yesterday afternoon to do some work.

Orval Evans, of Bloomington, an engineer on this division of the Alton, is spending a visit with his uncle in this city.

**NOTICE.**

Jacksonville, Ill., June 23, 1905.—Bids for furnishing and installing a heating system in the main building of the Illinois School for the Blind will be received at the office of the undersigned until noon, July 1, 1905. Plans and specifications for same may be seen at the office of the superintendent. The privilege is reserved of rejecting any or all bids.

## STRIKE SETTLED

Work on the Government Building Will Proceed After Brief Interruption—Both Sides Made Concessions.

The strike of bricklayers on the government building job was brought to an amicable settlement Tuesday evening at a conference between the contractors' superintendent, Mr. Glanfield, and the members of the Bricklayers' union. The agreement was drawn up and signed by the representatives of the union and by Mr. Glanfield, and the men will return to work again.

The terms of the agreement by which the strike was terminated have not been made public, but it is understood that both sides made concessions. The trouble originally arose over the employment of non-union bricklayers on the job and would probably have been settled before this had the necessary material been on the ground. In view of the fact that much of the material to be used in the masonry work has not been delivered, the matter of securing men for the work has been kept in abeyance. In the meantime Mr. Glanfield has carried on the work alone, with a few assistants to mix and carry material.

The government superintendent, Mr. Appleyard, has been in no wise concerned in the trouble, as was informed by some, but has merely looked after his end of the business and played the role of an interested spectator.

The news of the settlement of the difficulty will be welcome to all, as the faster the work of construction of the building proceeds the better satisfied the average citizen will be.

## GOLF NOTES

There will be a mixed foursome handicap on the Country club links Thursday afternoon. All ladies and gentlemen are invited to participate. Handicaps will be assigned at the first tee. Prizes will be given.

In the play for the ladies' spring championship, Mrs. J. H. Danskin won from Mrs. J. Thompson Sharpe and Miss Gladys Osborne won from Miss Grace Carter.

In the semi-finals of the same tournament Miss Osborne won from Mrs. Danskin 3 up and 2 to play.

Miss Charlotte Hayden will play Miss Louise Huffaker in the semi-finals to day and the winner of this match will meet Miss Osborne in the finals.

## ENTERTAINED FRIENDS.

Mrs. Lula Thompson entertained at her country home in the vicinity of Pontiac Tuesday evening in honor of the eighteenth birthday of her daughter, Miss Jessie Thompson. A large number of guests left this city on the Alton train at 5:18 and went to Pontiac, where they were met by a hay wagon and taken to the Thompson home. The evening was most happily spent and delicious refreshments were served, which added much to the pleasure of the occasion.

Phelps and Osborne's great bargain summer sale is booming. The rare bargains offered at this sale will continue until Saturday night. Now is the time to secure bargains that cannot be had later in the season.

## BACK TO OLD POSITION.

Michael Boylan has taken his old position as janitor at Academy hall. Mr. Boylan held the position over fifteen years until about a year ago, when he took up other work. Those who know the efficient service he rendered the institution in the past will be glad to hear of his return.

## SUMMER VISITORS

Many Will Attend the N. E. A. Convention at Atlantic City—Lake Macdonald Camping Party.

Many from Jacksonville will attend the National Educational association which meets this year in Atlantic City, N. J. A party will leave to day over the Burlington in a special car. Among the number who will go via this route are: Miss Laura and Miss Eva Hammond, Mrs. Constance B. Smith, Miss Allie Goodrick, Miss Isabelle Baldwin, Miss Mitchell, Miss Clara Cobb, Mr. Van-nier, Miss Davenport, Miss Riley, Miss Reynolds, of this city, and Dr. B. W. Hole and wife and Miss Scott, of Tallula. The trip will be made via the Burlington, Big Four and Chesapeake & Ohio roads.

## LAKE McDONALD PARTY.

Mr. and Mrs. L. O. Vaughn, John L. Johnson, C. A. Johnson, Ralph I. Dunlap, Fred Sanford of Chicago, Miss Jackson of Lafayette, Ind., and two sisters of Mr. Vaughn from Indiana will be members of a camping party that expect to leave early in July for the Lake Macdonald region in northwestern Montana. Several of the members of the party have camped on the banks of this beautiful lake before and Mr. and Mrs. Vaughn have been in the region a half dozen times.

Mrs. Frances Wood expects to depart soon for the east, where she will join Miss Mary Rhoades for a three months' trip abroad.

Miss Clara Culvert, Mrs. Elizabeth Cline and daughters, Miss Edna Cline and Miss Stella Cline, expect to leave soon for Denver, Colo., and Portland, Ore. Miss Ruth Bailey will accompany them as far as Denver for a three months' visit.

J. W. Johnson, of Arcadia, transacted business in the city Tuesday.

## LIVE BIRD SHOOT

Illinois Gun Club Trophy Won by J. Z. Scott—Blue Rock Shoot—Large Crowd Watched Contest.

J. Z. Scott won the Illinois Gun club trophy in the live bird shoot which was held at Nichols park Tuesday afternoon by killing twenty-four birds out of twenty-five. A new law has been passed forbidding the holding of live bird shoots and as the cup cannot be competed for in any other manner under the laws of the gun club it is now the private property of Mr. Scott. It is a handsome silver cup and upon it is engraved the names of the members of the club who have held it in the past. Thomas Hall, of Leam, who was challenged by Henry Goebel to defend the trophy at the shoot Tuesday has had it in his possession five times. Henry Goebel of this city has won it twice and Ed Scott and W. T. Craig also of Jacksonville have each held it once.

A large number of Illinois shots were expected to be in the competing line, but on account of the Grand American Handicap shoot now in session in Indianapolis, Ind., Mr. Hall, of Leam, was the only foreign shot present. Only members of the Illinois Gun club are allowed to compete for the cup and as there are only four members in this city the competing list was confined to five shooters. The shoot was a twenty-five bird event and the score was as follows:

	Shot at	Killed
J. Z. Scott	25	24
W. T. Craig	25	23
Ed Scott	25	22
Henry Goebel	25	21
Thomas Hall	25	20

A few birds were left after the live bird shoot and it was decided to use them for practice. The shooters assembled in a body and it was decided that when a man missed he be counted out of the game. The shooting continued as long as the birds lasted and the score was as follows:

	Straight
Ed Scott	12
Craig	12
J. Z. Scott	12
Groves	12
Coleman	7
Goebel	5
Morris	5
Brennan	4
Hall	3
Hoblitt	3

A blue rock shoot was then held and some fine shots were made. The score of a number of the higher men is given with their per cent:

	Shot at	Broke	Per cent.
Jas. A. Groves	120	112	93
W. T. Craig	120	112	93
J. W. Coleman	120	107	90
James Hoblitt	120	102	85
J. Z. Scott	120	95	80

J. Z. Scott, the winner of the trophy, proved himself to be a good shot and the large and enthusiastic audience which was present was greatly pleased when a local man won the prize.

In the last three shoots which have been held at the park, Groves and Craig have both been present and have established a record. They have each shot 500 times and the score was tied between them Tuesday in the blue rock shoot. They each fired 1,000 shots at the state shoot which was held at Lincoln a few weeks ago and Craig succeeded in breaking one more record than Groves.

The cup which was won by Scott is at present in Springfield, but will be transferred to this city in a few days.

# Seeberger's Stock of Clothing

Has been purchased by Frankel Co less than twenty-five cents on the dollar, in fact we have not taken an inventory. We bought it in a lump, the reason being that our Mr. Frankel, who is in your city, has made a study of this particular line and being able to go through any stock of merchandise telling you within ten per cent of the value of it. Our business method has been in the past of buying up stocks of this nature or bankrupt stocks and we are therefore able to give the people at all times DOUBLE as much merchandise for a dollar than any other concern in the city and particularly genuine good goods, otherwise we don't touch it.

Concerning Seeberger & Bro.'s stock, you are all aware of the fact that the building has been sold and that we must vacate the premises by the first of July. Therefore we have leased the store room on the east side of the square, one door north of Hockenfull-Elliott Bank and Trust Co. The room is not large enough for this stock, besides we intend to carry a large stock of

## MEN'S SHOES

with it. Therefore we will offer you the following, all high grade clothing of Seeberger & Bro., which has been reduced by the former sale 33 per cent below cost. We will in addition reduce 25 per cent more. We will give you an idea.

A suit that cost Seeberger & Bro. \$18.00

Take off 33 per cent - - - - 5.94

Balance - - - - 12.06

Additional 25 per cent off our

Reduction - - - - 3.01

Balance - - - - 9.05

Accordingly everything will be sold. Nothing is reserved, but remember we can afford it. We will make money at that, and the time is getting short. Only one more week.

Respectfully Yours,

**Mid-Season Sale**

A sale is about to take place here. It will be the most talked of sale we ever had. There will be an absolute sacrifice of profits.

We intend that there shall be no dull spot here during the summer season. Besides, we need a great deal of room for the new goods soon to arrive.

When we say the saving will be *at least a third* on every piece of Furniture in the house, you can imagine that it will be a lively sale.

Commence Monday morning, 8 o'clock. The choosing, of course, is best right now. Just read of some of the reductions.
